31	R	12%	26	R	6%							32	D	17%
6	R	12%	50	R	6%							14	D	24%
36	R	11%	41	R	6%							38	D	25%
2	R	10%	25	R	6%							20	D	25%
7	R	10%	27	R	5%							40	D	28%
47	R	10%	1	R	4%							28	D	31%
			18	R	3%									
			8	R	3%									
			17	R	3%									

Shaded = opposing party's seat. Bold/Italics = open seat.

PVI: modeled on the Cook Political Report's Composite Partisan Voting Index, which uses the 2004 & 2008 presidential voting percentages in each district against the state-wide presidential vote, then averages the differences to indicate the Republican & Democratic leaning at the district level.
